Independent Auditors' Report

The Board of Trustees
1199SEIU National Benefit Fund for
Health and Human Service Employees:

Report on the Financial Statements

We have audited the accompanying financial statements of the 1199SEIU National Benefit Fund for Health and Human Service Employees (the Fund), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Fund as of December 31, 2019 and 2018, and the changes in its financial status for the years then ended, in accordance with U.S. generally accepted accounting principles.

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Emphasis of Matter

The accompanying financial statements have been prepared assuming that the Fund will continue as a going concern. As discussed in Note 1(d) to the financial statements, the Fund has experienced decreases in net assets available for benefits and anticipates low and/or negative operating cash flows, which raises substantial doubt about the Fund's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in Note 1(d). The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, and Schedule H, line 4j – Schedule of Reportable Transactions for the year ended December 31, 2019, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Fund's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

(1) Description of the Fund

The following brief description of the 1199SEIU National Benefit Fund for Health and Human Service Employees (the Fund or Plan) provides only general information. Participants should refer to the Summary Plan Description (the SPD) or the plan documents for a more complete description of the Plan provisions. Copies of the SPD and plan documents are available from the Fund's management.

(a) General

The Plan is a noncontributory, multiemployer (Taft-Hartley), collectively bargained, defined employee welfare benefit fund subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Fund is self-administered and, generally, is self-insured. The Plan is administered by a Board of Trustees (the Trustees) with equal representation of the contributing employers and the 1199SEIU United Healthcare Workers East (the Union).

(b) Plan Benefits and Eligibility

The Plan provides, among other benefits, medical, hospital, prescription drugs, dental, short-term disability, vision and life insurance. In addition, on October 6, 2017, a resolution was approved to amend the SPD to add paid family leave benefits as part of the Fund's plan of benefits effective January 1, 2018.

In general, employees are eligible to participate in the Plan if they work for a contributing employer who is making contributions to the Fund on their behalf and have completed a waiting period specified in the employer's collective bargaining agreement (CBA). Terminated employees also may be eligible for benefits, if they are eligible to receive COBRA continuation coverage and have complied with the notice requirements and pay monthly premiums. Retirees are eligible for a specific package of benefits depending, among other requirements, on their age at retirement and the years of pension fund credited service.

The Fund has three levels of benefits called Wage Classes. The Wage Class determines which benefits are provided by the Plan. Wage Classes are not applicable to employees of the City of New York or its agencies. Such employees are provided with a specific package of benefits which exclude hospital and medical benefits.

Most benefits are paid for participants up to 30 days after their last payroll date plus any extended coverage provisions, as applicable.

(c) Funding

The Fund receives contributions pursuant to a number of CBAs entered into with contributing employers by the Union. Contributions from employers were based on a percentage of the participating employers' monthly payroll for covered employees (adjusted in certain cases for the registered nurse full-time equivalent credits and for credits for certain contributing employers with respect to highly paid employees). In 2004, the Trustees of the Fund established a Uniform Required Rate (URR) of contribution, to be adjusted annually, required for an employer to be accepted or remain as a contributing employer.

Effective for the contributions due for each annual period commencing each October 1 through September 30, the actuary calculates for each employer a Flat Contribution Rate based on the amount that would be due for the contribution as follows:

(a) from League employers based on the Capped Methodology and

(b) from non-League employers based on the noncapped, credit methodology. For contributions months beginning each October thereafter, the actuary will calculate a new Flat Contribution Rate for each employer based both on projections of contributions due for each October through September annual period as well as reconciliations of any difference between the prior Flat Rate compared to the amounts that would have been paid (a) from League employers based on the Capped Methodology and (b) from non-League employers based on the noncapped, credit methodology.

Through a resolution dated September 25, 2018, the Trustees approved the amendment of the Required Contribution Rate (RCR). It was resolved to adopt the actuaries' addendum, superseding provisions of the prior resolutions concerning the RCR as described in the July 2018 MOA, which modified the CBA through September 30, 2021. The RCR is as following:

(a) Effective as of the following dates, for each annual cycle from October through the following September, the monthly flat rates for each League Member Employer, as determined by the Fund's actuaries are as follows:

	League Hospitals		**League Nursing Homes**	
Effective Date	WC I (PMPY)	WC II/III (% of Gross Wages)	WC I (PMPY)	WC II/III (% of Gross Wages)*
10/1/2018	$16,172	39.20%	$14,343	39.20%
10/1/2019	$17,449	41.06%	$15,477	41.06%
10/1/2020	$18,753	42.74%	$16,645	42.74%

**Nursing Homes employers will exclude overtime wages from any contributions made for employees in Wage Classes II and III.*

(b) The Non-League RCR for each Non-League Contributing Employer is as follows:

Effective with the October 2018 Contribution, and thereafter, for each annual cycle from October through the following September, the RCR shall be the monthly Flat Rate for each Non-League Member Employer, as determined by the Fund's actuaries as set forth below:

Effective Date	% of Gross Wages
10/1/2018	31.84%
10/1/2019	33.31%
10/1/2020	34.72%

As the Fund is a multiemployer fund, costs are calculated on a pooled basis.

Litigation Settlement

On December 14, 2018, the Trustees approved a settlement of a litigation with a contributing employer regarding its contribution rate. To settle the litigation, the Trustees recalculated the employer's contributions from the Non-Capped Methodology to the Capped Methodology from 2016 - 2018 and agreed to provide this contributing employer with a credit totaling $62.4 million dollars, which credit shall be taken in equal thirty-three (33) monthly installments of approximately $1.9 million, beginning with the contribution due January 2019. This liability is reflected as "due to employer" on the statement of net assets available for benefits as of December 31, 2019 and 2018, respectively.

Advanced Training Initiative

The New York State Department of Health (DOH) implemented a nursing home Advanced Training Initiative (ATI) program aimed at teaching direct caregivers to detect early changes in a resident's status that could lead to health declines and/or hospitalization. A $46 million State budget was approved for this program for the next two State Fiscal Years (2018-19 and 2019-20), in which several non-participating employers are also recipients of this funding.

On February 1, 2018, the Union and the Employers (Group of 53, or, the Homes) entered into a 2017-2018 Extension MOA, which states that all terms and conditions in the CBA, including each Employer's side letters, shall remain in full force and effect, extended through September 30, 2018. It also indicates that the New York State ATI funding side letter to the 2016-17 MOA shall be extended with the right to arbitrate before the Impartial Chair.

Due to the Homes' favorable retention rates, they received the ATI funding. As a result, the Homes shall pool their ATI Retention funding with the other employers for the purpose and intent of equalizing their effective contribution rate to the Fund with that of the League Homes. To accomplish this, all the ATI Retention funding received by the Homes each year should be paid to the Fund, and the Homes shall be entitled to credits against future contributions to the Fund which credits shall be aggregated and shared between all the participating Homes which as a result is revenue neutral to the Fund. Such credits to the Homes and the total aggregate credits available to all participating facilities bargaining shall not exceed the total aggregate retention funding received by the participating facilities and remitted to the Fund. The funding to be remitted to the Fund is approximately $14 million and $0.4 million at December 31, 2019 and 2018, respectively and is included in advanced training initiatives receivable on the statement of net assets available for benefits. The credits to the Homes is $16.6 million and $0 at December 31, 2019 and 2018 and is included in "due to employer" on the statement of net assets available for benefits.

(d) Liquidity

The Fund has experienced decreases in net assets available for benefits and anticipates low and/or negative operating cash flows during 2020 and 2021. This raises substantial doubt about the Fund's ability to continue as a going concern. Together with the Trustees, the collective bargaining parties are committed to working diligently to take the necessary measures to overcome the cash shortfall. Measures that may be agreed to by the collective bargaining parties are expected to be incorporated

into an amended CBA. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Cash

Cash consists of cash held at banks in commercial checking accounts.

(c) Investment Valuation, Income Recognition and Due from/to Brokers

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion on fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. For certain of the investment funds, investment advisers are reimbursed for cost incurred or receive a management fee for providing investment advisory services or may receive a performance fee. In addition, in certain instances, the investment manager may receive fees from the investment entities held by the investment fund. These reimbursed costs and management fees are reflected in the net appreciation (depreciation) in the fair value of investments on the statements of changes in net assets available for benefits.

Due from brokers include amounts for securities sold, but not yet settled at year end and due to brokers include amounts for securities purchased, but not yet settled at year end.

(d) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, benefit obligations and changes therein and disclosure of contingent assets, liabilities, and benefit obligations at the date of the financial statements and accompanying notes. Actual results could differ from those estimates.

(e) Depreciation and Amortization

Furniture and fixtures are stated at cost, net of accumulated depreciation, and depreciated on a straight-line basis over their estimated useful lives. Computer equipment and software are stated at cost, net of accumulated amortization, and amortized on a straight-line basis over their estimated useful lives. Leasehold improvements are stated at cost, net of accumulated amortization, and amortized on

a straight-line basis over their estimated useful lives or the remaining term of the sublease, whichever is shorter. Expenditures for maintenance and repairs are expensed as incurred, while additions and improvements that extend the life of the asset are capitalized.

(f) Benefits Paid

Benefits are recorded when paid and include premiums paid to insurance companies for the purchase of life insurance and accidental death and dismemberment (AD&D) insurance coverage for the Plan's members. Any refunds due to overpayments, subrogation, or adjustments are recorded in the period received and are shown netted with benefit payments.

(g) Refunds

Refunds due from the Plan's Prescription Benefit Manager are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset netted against claims paid. Refunds related to pharmacy drug rebates totaling approximately $45,000,000 and $46,500,000, are included as amounts due from pharmacy benefit manager and netted with claims paid in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, respectively.

(h) Employer Contributions and Advanced Training Initiative

The Fund recognizes contributions based on the latest executed collective bargaining agreement on an individual employer basis. Accordingly, if certain employers have yet to sign contracts under the new collective bargaining agreement(s), contribution revenues are recorded based on the flat rates of the latest signed agreement. The Flat Contributions are calculated by the Fund's actuary each year, based on the amount that would be due for the contribution period October 1 through September 30 (a) from League employers based on the Capped Methodology and (b) from non-League employers based on the noncapped, credit methodology. For contributions months beginning each October thereafter, the actuary calculates a new Flat Contribution Rate for each employer based both on projections of contributions due for each October through September annual period as well as reconciliations of any difference between the prior Flat Rate compared to the amounts that would have been paid (a) from League employers based on the Capped Methodology and (b) from non-League employers based on the noncapped, credit methodology.

ATI contributions from employers funded by the DOH entitles those employers to credits for future contributions. Such credits to the Homes and the total aggregate credits available to all participating facilities bargaining shall not exceed the total aggregate retention funding received by the participating facilities and remitted to the Fund.

The Fund recognizes contributions as revenue in the same period in which the wages were earned by the covered employees.

(i) Receivables and Liabilities

The carrying value of receivables and liabilities approximate fair value.

(j) Allowance for Doubtful Accounts

Management of the Fund evaluates employer contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. As of December 31, 2019, and 2018, the allowance for doubtful accounts consists of the following:

	2019	2018
Specific allowance	$ 11,196,288	13,608,740
General allowance	6,105,940	5,379,988
Total allowance	$ 17,302,228	18,988,728

(k) Straight-line rent expense, Lease incentives and Straight-line rent liability

As required by U.S. GAAP, rent expense associated with the new operating lease as disclosed in footnote 10, is recognized on a straight-line basis over the term of the lease and is included in the statement of changes in net assets available for benefits. Differences between the straight-line amounts and the contractual amounts due are recorded as a straight-line rent liability on the statement of net assets available for benefits. As part of the terms of the lease agreement, the landlord will reimburse the Fund for certain leasehold improvement costs, which is reflected as lease incentive receivable and lease incentive obligation on the statement of net assets available for benefits. At December 31, 2019, straight-line rent expense totaled approximately $23 million, lease incentive receivable totaled approximately $41 million, lease incentive obligation totaled approximately $40 million, and straight-line rent liability totaled approximately $24 million.

(l) Recent Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, Leases. This new guidance is intended to improve financial reporting about leasing transactions. The ASU will require entities that lease assets to recognize, on the balance sheet, the assets and liabilities for the rights and obligations created by those leases. ASU 2016-02 requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether the lease is effectively a financed purchase of the leased asset by the lessee. This classification will determine whether the lease expense is recognized based on an effective interest method or on a straight-line basis over the lease term. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases. The revised guidance supersedes previous leasing standards and is effective for fiscal years beginning after December 15, 2021 and early adoption is permitted. The Fund is currently evaluating the impact of adopting this new guidance on the financial statements.

(3) Benefit Obligations

Benefit obligations are estimated by the Fund's actuary in accordance with generally accepted actuarial principles. The estimated claims payable and claims incurred but not reported represent those estimated future payments that are attributable, under the Plan's provisions, to services rendered to the participants prior to the valuation date. The estimated claims payable and claims incurred but not reported include benefits expected to be paid for retired employees and their beneficiaries.

The accumulated eligibility credit benefit obligation represents the present value of a 30-day extension of benefits for all future terminations other than death that occur prior to eligibility for retirement with medical benefits per the rules specified in the SPD.

The calculation of the accumulated eligibility credit reserves as of December 31, 2019 and 2018 have been based on assumptions of future plan experience, including.

Discount rates	2.71% for 2019; 3.82% for 2018 (based on AA corporate bond rates)
Mortality	RP 2000 Combined Healthy Mortality Table with Blue Collar Adjustment using 120% of Projection Scale AA on a generational basis, sex distinct.

The calculation of accumulated eligibility credit reserves has been based on the assumption that the Plan will not terminate and that no contributing employers will drop out of the Plan. The accumulated eligibility credit benefit obligation includes all amendments to the Plan's provisions as of the respective valuation date.

The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, assuming the Plan continues in effect and all assumptions about future events are fulfilled.

Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. The postretirement benefit obligation represents the amount that is expected to be funded by contributions from the Plan's participating employers and from existing Plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected dates of payment.

Significant assumptions include assumptions for healthcare trend rates and:

Discount rates	3.17% for 2019; 4.18% for 2018 (based on AA corporate bond rate)
Healthy Mortality	RP 2000 Combined Healthy Mortality Table with Blue Collar Adjustment using 120% Projection Scale AA on a generational basis, sex distinct.
Disabled Mortality	Rates set forth in Revenue Ruling 96–7.

Retirement rate assumptions are related to age:

Current Assumption	
Age	**Rate**
55–56	0.75%
57–59	1.00
60	1.50
61	4.00
62	8.00
63	6.00
64	12.00
65–67	30.00
68–70	20.00
71–73	30.00
74	50.00
75+	100.00

In addition, those eligible to retire for unreduced pensions at age 62 with 20 years of service or 62.5 with 25 years of service are assumed to retire with a probability of 45% at first eligibility and 20% thereafter until age 65, when the rates on the above table apply.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the Plan's benefit obligations.

The following tables present the components of the Fund's benefit obligations and the related changes in benefit obligations as of and for the years ended December 31, 2019 and 2018:

	2019	2018
Amounts currently payable:		
Claims payable, claims incurred but not reported, and other benefit obligations*	$ 247,068,534	254,238,119
Post-employment benefit obligations, net of amounts currently payable:		
Accumulated eligibility credits	66,900,000	56,700,000
Postretirement benefit obligations, net of amounts currently payable:		
Retired participants	$ 2,236,974,000	1,994,538,000
Other participants fully eligible for benefits	1,930,479,000	1,598,410,000
Participants not fully eligible for benefits	3,753,843,000	3,073,781,000
	7,921,296,000	6,666,729,000
Total benefit obligations	$ 8,235,264,534	6,977,667,119

*As of December 31, 2019 and 2018, claims payable, claims incurred but not reported and other benefit obligations include reserves related to the Medicaid reclamation for Prescription drug claims in the amount of approximately $6.9 million and $1.8 million, medical claims of approximately $8.4 million and $10.0 million and hospital claims of approximately $16.5 million and $14.3 million, respectively. Such amounts represent management's best estimate but could vary from what is ultimately paid.

Changes in benefit obligations:

	2019	2018
Amounts currently payable:		
Balance at beginning of year	$ 254,238,119	210,249,325
Benefits reported and approved for payment, including benefits reclassified from benefit obligations	1,784,662,108	1,656,609,403
Benefits paid	(1,791,831,693)	(1,612,620,609)
Balance at end of year	247,068,534	254,238,119
Post-employment benefit obligations, net of amounts currently payable:		
Balance at beginning of year	56,700,000	53,100,000
Net change during year	10,200,000	3,600,000
Balance at end of year	66,900,000	56,700,000

	2019	2018
Postretirement benefit obligations, net of amounts currently payable:		
Balance at beginning of year	6,666,729,000	7,870,091,000
Increase (decrease) due to:		
Benefits accumulated, changes in health care cost and changes in population data	79,453,000	(112,865,000)
Benefits reclassified to amount currently payable	(178,268,000)	(186,059,000)
Increase for interest due to decrease in discount period	274,943,000	276,863,000
Net changes in assumptions	1,078,439,000	(1,181,301,000)
Balance at end of year	7,921,296,000	6,666,729,000
Total benefit obligations at end of year	$ 8,235,264,534	6,977,667,119

Changes in the postretirement benefit obligation (PRBO) reflect an increase in benefits accumulated in the amount of $264,666,000 and $336,712,000 and a decrease due to changes in the population data and health care cost in the amount of $(185,213,000) and $(449,577,000) as of December 31, 2019 and 2018, respectively.

Changes in assumptions related to PRBO represent a change in the discount rate as of December 31, 2019 and 2018. The effect of changing the discount rate was an increase/(decrease) of $1,266,879,000 and $(743,151,000), respectively, in the actuarial present value of benefit obligation. In addition, the changes in other assumptions included changes in the trend rates and demographic assumptions which decreased the PRBO by $(188,440,000) and $(298,439,000), respectively. As of December 31, 2019, there were no changes in assumption related to Plan amendments. For the year ended December 31, 2018, changes in assumptions included a plan amendment related to increased ages and service requirements for retiree benefits for new participants which decreased the PBRO by $(139,711,000).

The impact of a 1% increase in the healthcare cost trend assumptions would increase the Fund's postretirement obligations by approximately $1,626,101,000 at December 31, 2019 and by $1,261,333,000 at December 31, 2018.

The Plan's deficiency of net assets over benefit obligations at December 31, 2019 and 2018 relates primarily to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current bargaining agreement. Plan management expects that the deficiency will be funded through future collectively bargained contributions.

(4) Investments and Fair Value Measurements

The Fund's investments are managed by various investment managers as applicable and held by the Northern Trust Company as the custodian.

For the years ended December 31, 2019 and 2018, the net appreciation/(depreciation) in fair values (including from those bought, sold, as well as held during the year) are as follows:

		2019	2018
Equities	$	4,550,155	(11,808,209)
Short-term investments		549,231	55,808
Government and government agency securities *		722,347	(3,100,573)
Corporate debt and other fixed income securities		1,444,651	(2,404,824)
Hedge fund		4,915,482	140,598
Mutual funds		119,050	(199,596)
Derivative financial instruments		215,716	186,785
Total	$	12,516,632	(17,130,011)

* Includes short sales of government and government agency securities.

The following individual investments represent 5% or more of the fair value of the Fund's net assets available for benefits as of December 31, 2019 and 2018:

		2019	2018
Grosvenor Faria Fund, LP	$	*	91,990,386
Northern Institutional Government Select Portfolio		38,136,621	86,750,767
United States Treasury Bills		26,030,529	*

* Represents less than 5% of net assets as of the period indicated.

U.S. GAAP provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In estimating the fair value of investments, management generally uses third party pricing sources. In substantiating the reasonableness of the pricing data, management evaluates the number of pricing sources, how current or stale the price is, pricing comparisons to portfolio managers and the custodian bank, and execution prices compared to prior day closing prices.

Below is a description of the valuation methodologies used for assets measured at fair value. There were no transfers of investments between levels within the fair value hierarchy during the years ended December 31, 2019 and 2018, and there were no changes in valuation methodologies used to measure the fair value of the Plan's investments as of and for the years ended December 31, 2019 and 2018.

Short-term investments consist of short-term investment funds, government bonds, foreign currency and highly liquid investments which are readily convertible into cash and which have original maturities of three months or less. The majority of short-term investments are valued at amortized cost which approximates fair value.

Mutual funds are valued based on quoted prices which represent the net asset value of the shares held by the Plan.

Investments in equities which include common stock, preferred stock and stapled securities, are valued at quoted prices or brokers' quotes.

Cash collateral received and reinvested in short-term securities under a securities lending agreement consists of the Fund's share in a pooled investment fund where the Northern Trust Company (the Agent) invests the cash collateral received on behalf of the Fund for its participation in the securities lending program. The Fund's share of the pooled investment fund is valued at amortized cost which approximates fair value (see note 5).

Government and government agency securities, corporate debt and other fixed income securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Other fixed income securities include mortgage-backed securities and collateralized mortgage

obligations, which are based on yields currently available on comparable securities of issuers with similar credit ratings or are valued on the basis of their future principal and interest payments discounted at prevailing interest rates for similar investments.

The investment in hedge fund is a multi-strategy hedge fund and is valued using the net asset value (NAV) as a practical expedient of the hedge fund as determined by the administrator, which is based on the fair values of the underlying investment in the portfolio. The fund may redeem its ownership interest in the hedge fund monthly. There are no contractual commitments to acquire further interests.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**

Total				91,990,386
Total investments				$ 364,202,861

* Including securities pledged to creditors pursuant to securities lending program (see note 5).

** In accordance with U.S. GAAP certain investments that are measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following summarizes liquidity considerations for investments measured at fair value that calculate net asset value per share:

	December 31, 2019			
Investments	**Fair Value**	**Unfunded Commitments**	**Redemption frequency**	**Redemption period**
Hedge fund	$ 502,130	—	Daily	1 Day

Generally, liquidity of hedge funds vary based upon a number of factors and include "gates," "holdbacks" and "side pockets" imposed by the investment manager.

(5) Securities Lending

Through December 31, 2018, the Fund's investment activities included participation in the securities lending program of its custodian bank. This program involved the lending of securities to institutional investors in exchange for collateral in the form of cash of at least 102% of the fair market value of the loaned instruments. Cash was invested in short-term investments. While these financial instrument lending transactions might have exposed the Fund to credit and market risks in the event that the borrower was unable to fulfill its contractual obligations, the collateral held and the nature of the bank's program, including oversight and controls, provided additional risk management features. At December 31, 2018 the collateral held and fair market values of loaned securities were as follows:

		2018
Cash collateral held and reinvested in investments:		
Reinvested cash collateral, at market value	$	521,922
Total collateral at market value	$	521,922
Fair market value of loaned securities:		
Equities	$	65,518
Corporate debt and other fixed income securities		442,596
Total fair market value of loaned securities	$	508,114

There was no cash collateral held or loaned securities at December 31, 2019.

(6) Tax Status

The Fund received a determination letter from the Internal Revenue Service dated April 5, 2002 stating that the Fund is tax exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the Code) as a Voluntary Employee Beneficiary Association. The Fund is required to operate in conformity with the Code to maintain the tax-exempt status of the Trust. The Fund has been amended since receiving the determination letter. However, Fund's management and legal counsel believe that the

Fund currently is designed and is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the related trust is tax exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to federal income tax examinations for years prior to 2016.

(7) Termination of the Plan

Although they have not expressed any intention to do so, the Trustees have the right to amend or terminate the Plan subject to the provisions set forth in ERISA. If the Fund is terminated, the Fund will pay benefits that participants are entitled to receive under the terms of the Plan; however, participants do not have a vested or nonforfeitable right to receive benefits under the Plan.

(8) Benefit Payments

Benefits payments for the years ended December 31, 2019 and 2018 consist of the following:

	2019	2018
Net benefits:		
Hospital and health	$ 1,730,874,646	1,554,988,186
Disability	39,753,423	36,644,176
Life insurance and accidental death	6,919,666	6,965,338
Provision for camp, scholarships and other	14,283,958	14,022,909
	$ 1,791,831,693	1,612,620,609

(9) Related Party Transactions

The Fund, the 1199SEIU Health Care Employees Pension Fund and certain other related 1199SEIU Funds (collectively the Related Funds) are administered by the same management personnel and share the same office space as well as personnel and other administrative expenses.

Administrative expenses are paid by the Fund for all related plans. Expenses are then pooled and allocated among the Related Funds based on an allocation study reviewed by an external consultant. The 2019 and 2018 allocations were based on an allocation study that was approved on November 14, 2017. The amount of administrative expenses allocated to the Related Funds approximated $99.4 million and $95.5 million for the years ended December 31, 2019 and 2018, respectively. For the years ended December 31, 2019 and 2018, the amount of administrative expenses allocated to and retained by the Fund approximated $92.9 million and $90.1 million, respectively.

Contributions Received

The Fund has included as part of employer contributions in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, approximately $27.8 million and $27.2 million, respectively, of contributions for its own eligible employees.

The Fund received employer contributions of approximately $11.7 million and $10.3 million from the Union for its employees' medical benefits, for the years ended December 31, 2019 and 2018, respectively.

(10) Commitments and Contingencies

The Fund subleases office space from DHU Realty Corp., which is owned by the Union, a party in interest, under an operating sublease at 330 West 42nd Street. The original sublease was subsequently amended to sublease additional space in the same building. The amended agreement expired in 2012 and was renewed at the same base rate through August 30, 2018 and contains an option to renew through August 30, 2023 for 90% of the then fair market rental, but in no event shall the rent payable to the sublessor be less than the rent payable under the lease. Further, this lease was extended through a fourteenth lease modification, extending the lease commencing on September 1, 2018 and expiring on October 31, 2020. Further, the Fund also leases space at other locations under various operating leases, some of which are with related entities, with various expiration dates.

At December 31, 2019, the Fund's future minimum lease payments required under the Fund's noncancelable leases are as follows:

(A) 330 West 42nd Street:		
Year ending December 31:		
2020		$23,576,257
Total minimum lease payments	$	23,576,257
(B) Other locations:		
Year ending December 31:		
2020		1,404,573
2021		1,370,417
2022		640,865
Total minimum lease payments	$	3,415,855

All rent expense is paid by the Fund. These are then pooled and allocated among the Related Funds based on an allocation study reviewed by an external consultant. Rental expense (after allocation to other Funds) relating to all existing operating subleases and leases for the years ended December 31, 2019 and 2018 approximated $14.0 million and $8.4 million, respectively. This expense is disclosed as part of occupancy cost in the supplemental schedule of General and Administrative Expenses.

A new operating lease agreement was executed in May 16, 2017 for 30 years (with a right to terminate at the end of 20 years) at a new location, with a lease commencement date of March 1, 2019 and a rent commencement date of March 31, 2020. The lease is between 498 SEVENTH, LLC (George Comfort & Sons, Inc.) and M2M HOLDINGS LLC ("M2M"). M2M is a Limited Liability Company formed, solely for the purpose of the lease, by the Fund, which is the Sole Member. M2M intends to sublease part of the space to the Union and the rest will be allocated among the Related Funds based on an allocation study reviewed by an external consultant.

In addition, the Fund served as guarantor of the lease obligations as required by George Comfort & Sons. The Fund entered into a letter of credit agreement on behalf of George Comfort & Sons in the amount of $30 million with Northern Trust as required by the terms of the lease for which securities held by the Fund were used as collateral to the letter of credit. The letter of credit has a maturity date of January 30, 2022. There was no outstanding amount as of December 31, 2019 and 2018.

At December 31, 2019, the Fund's future minimum lease payments required under this lease is as follows:

498 Seventh Avenue:		**69.49%**	**30.51%**
Year ending December 31:	**M2M Holdings, LLC**	**Fund's Share**	**Union's Share**
2020	$ 27,143,442	$ 18,861,978	$ 8,281,464
2021	36,062,317	25,059,704	11,002,613
2022	36,070,960	25,065,710	11,005,250
2023	36,079,775	25,071,836	11,007,939
2024	36,088,767	25,078,084	11,010,683
Thereafter	1,117,758,329	776,730,263	341,028,066
Total minimum lease payments	**$ 1,289,203,590**	**$ 895,867,575**	**$ 393,336,015**

For the 498 Seventh Avenue lease, the Union subleases approximately 31% of the space, and the remaining will be allocated among the Related Funds based on an allocation study reviewed by an external consultant.

Deferred Compensation

The Fund has two deferred compensation plans for a select group of management employees of the Fund. These plans provide a systematic savings program for eligible employees and are distributed upon the date selected pursuant to the Participant's Deferral Agreement or termination or retirement.

Under these plans, eligible employees may elect to defer receipt of a portion of their compensation up to a maximum of $19,000 and $18,500 for the years ended December 31, 2019 and 2018. The amounts contributed under both plans are invested solely in mutual funds and such assets are restricted for use and

may not be used for the general purposes of the Fund. However, until benefits are distributed, all compensation deferred under the plans, all property and rights purchased with such amounts, and all income attributable to such amounts, property or rights shall remain solely the property and rights of the Fund. Assets of these plans totaled approximately $7.1 million and $5.6 million at December 31, 2019 and 2018, respectively. Such assets and the related liabilities are included in prepaid expenses and other assets and accounts payable and accrued expenses, respectively, in the accompanying statements of net assets available for benefits.

(11) Investment in 3BF

As described in footnote 10, a lease agreement was entered into between 498 SEVENTH, LLC (George Comfort & Sons, Inc.) and M2M Holdings LLC ("M2M"), a wholly owned subsidiary of the Fund. The employees of the Fund occupy a portion of the leased space, and accordingly, M2M allocates a portion of the rent expenses to the Fund. In connection with the lease, a Limited Liability Company called 3BF Partners LLC ("3BF") was formed. The members of 3BF are : i) the Fund, ii) 1199SEIU Greater New York Benefit Fund ("GNYBF") and iii) 1199SEIU National Benefit Fund for Home Care Employees ("HCBF"). The members remit their respective share of real estate build out costs incurred for the lease to 3BF. 3BF has incurred real estate build out costs of approximately $80 million of December 31, 2019. The Fund's allocated portion of the build out costs is $68.4 million, representing approximately 86% of the total costs incurred. HCBF and GNYBF each have been allocated the remaining costs. The build out costs are expected to begin depreciating in 2020 when the assets are placed in service, and will be depreciated over the shorter of the lease term or their useful lives.

(12) Pension Plan

The Fund makes contributions to the 1199SEIU Health Care Employees Pension Fund (NPF), a multiemployer pension plan and a related plan, on behalf of eligible Fund staff. Pension contributions are made based on a percentage of eligible salaries paid by the Fund. The NPF contribution rate applicable to the Fund for the period of January 1, 2018 through September 30, 2018 was 10.76% and from October 1, 2018 through September 30, 2021 is 12.6% of gross payroll.

The Fund's participation in NPF for the year ended December 31, 2019 is outlined in the table below. Unless otherwise noted, the Pension Protection Act (PPA) zone status noted below is for the Plan years beginning January 1, 2020, 2019 and 2018, respectively. The zone status is certified by the Plans' actuaries. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and Plans in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates Plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented.

The last column lists the expiration date of the collective-bargaining agreement to which the Plan is subject:

Pension Fund	EIN/Pension plan number	PPA Zone status 2020	PPA Zone status 2019	PPA Zone status 2018	FIP/RP status pending/ implemented	Contributions from the plan 2020	Contributions from the plan 2019	Contributions from the plan 2018	Surcharge imposed	Expiration date of collective-bargaining agreement*
1199SEIU Health care Employees Pension Fund	13-3604862/ 001	Green	Green	Green	**RP Implemented	$ 3,535,588	3,187,016	3,083,168	No	9/30/2021

* The Collective Bargaining Agreement can be reopened at the request of the League or Union upon the occurrence of certain events.

** The 1199SEIU Health Care Employees Pension Fund has implemented a rehabilitation plan for the period January 1, 2012 through December 31, 2024. In addition, in July 2009 wage concessions were agreed to as well as an increase in annual contributions from contributing members.

All full-time employees of the Fund are also eligible to be participants in the 1199SEIU National Benefit Fund and Affiliated Organizations 401(k) Plan (the 401(k) Plan). The 401(k) Plan is a defined contribution, participant-directed account plan. Participants may elect to make pretax contributions to the 401(k) Plan, through regular payroll deductions, in amounts from 1% to 100% of their base salary (as defined by the 401(k) Plan) subject to the maximum allowable under the Code. The Fund currently does not make any employer matching contributions. Participants are immediately fully vested in their contributions plus actual earnings thereon.

(13) Furniture, Equipment, and Leasehold Improvements, Net

At December 31, 2019 and 2018, furniture, equipment, and leasehold improvements, net, comprise the following:

	2019	2018
Leasehold improvements	$ 64,200,760	68,060,382
Computer equipment and software	109,097,230	103,825,429
Furniture and fixtures	5,291,160	5,291,160
Total	178,589,150	177,176,971
Accumulated depreciation and amortization	(153,247,657)	(140,157,570)
Net book value	$ 25,341,493	37,019,401

Depreciation and amortization expense (before allocation to other funds) amounted to approximately $13.1 million and $17.2 million in 2019 and 2018, respectively. The Fund's allocated share of depreciation and amortization expense amounted to approximately $7.1 million and $9.4 million in 2019 and 2018, respectively, which is included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

(14) Concentration of Credit Risk

Financial instruments that subject the Fund to concentration of credit risk include cash and short-term investments. While the Fund attempts to limit any financial exposure, its cash deposit balances may, at times, exceed federally insured limits. Short-term investments are not covered by the Federal Deposit Insurance Corporation.

At December 31, 2019, five groups of organizations related among them represent approximately 8% each for two employers, 9%, 6% and 5% each for the other three employers of the Fund's total gross employer contribution receivable. At December 31, 2018, one group of organizations related among them represents approximately 10% of the Fund's total gross employer contribution receivable.

The Fund's investments are custodied at one financial institution. Fund management's opinion is that the financial institutions used by the Fund do not constitute a significant risk to the Fund.

(15) Risks and Uncertainties

Preparing financial statements requires management to make estimates and assumptions about current, and for some cases future, economic and market conditions which affect reported amounts and related disclosures in the financial statements. Although current estimates and assumptions contemplate current as well as estimated future conditions, as applicable, it is reasonably possible that in the near term those estimates, and assumptions could change which would have a material impact on amounts currently reported. These changes would impact future financial statements in accordance with U.S. GAAP. Examples of some of the more significant assumptions and estimates are as follows.

Due to various risks (e.g., interest rate, market and credit risks) associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term that could materially affect the amounts reported in the statements of net assets available for benefits.

In establishing the fair value of a hedge fund, the administrator takes into consideration information about the net asset values from the audited financial statements of the underlying investments. Because of inherent uncertainty of the valuation, this estimated fair value may differ significantly from the value that would have been used had a ready market for the investment existed, and the difference could be material.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

(16) Reconciliation of Financial Statements to Form 5500

The following table reconciles net assets available for benefits per the financial statements to Form 5500:

	Year ended December 31	
	2019	**2018**
Net assets available for benefits per the financial statements	$ 376,735,544	582,223,608
Less claims payable, claims incurred but not reported, and other benefit obligations	(247,068,534)	(254,238,119)
Net assets available for benefits per Form 5500	$ 129,667,010	327,985,489

Claims payable, claims incurred but not reported and other benefit obligations are reflected as benefit obligations for financial statement purposes but are recorded as liabilities per Form 5500 purposes.

	Year ended December 31	
	2019	**2018**
Benefits paid per the financial statements	$ 1,791,831,693	1,612,620,609
Add claims payable, claims incurred but not reported, and other benefit obligations, at end of year	247,068,534	254,238,119
Less claims payable, claims incurred but not reported, and other benefit obligations, at beginning of year	(254,238,119)	(210,249,325)
Benefits paid per Form 5500	$ 1,784,662,108	1,656,609,403

(17) Subsequent Events

A novel strain of coronavirus (COVID-19) has recently surfaced. The spread of COVID-19 around the world in the first half of 2020 has caused significant volatility in U.S. and international markets. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies and, as such, the Fund is unable to determine if it will have a material impact to its operations.

On January 30, 2020, the Fund entered into a $50,000,000 line of credit agreement with Amalgamated Bank. The line of credit matures on January 30, 2022. In 2020, there have been $10 million draw downs and $10 million repayments on the line of credit to date. Currently there is no outstanding amounts on the line of credit.

Effective March 18, 2020, a resolution was executed where the Executive Director is authorized to take all necessary steps and establish reasonable rules to temporarily suspend and/or amend the eligibility criteria set forth in the SPD's in order to ensure that there will be continuity of coverage for participants who might otherwise lose coverage as a result of experiencing a reduction in work hours because of an involuntary quarantine and involuntary isolation connected with COVID-19. Additionally, the Executive Director is authorized to take all necessary steps and establish reasonable rules to temporarily suspend

and/or amend any cost-sharing provisions in the SPD's that would otherwise be incurred by participants receiving covered services associated with diagnostic testing for COVID-19.

Subsequent to December 31, 2019 and through October 13, 2020, the date the financial statements were available to be issued, management evaluated subsequent events and concluded that there were no additional subsequent events to be disclosed.
